The Governing Board recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Superintendent or designee shall build a coordinated school health system that supports and reinforces health literacy through health education, physical education, health services, nutrition services, psychological and counseling services, health promotion for staff, a safe and healthy school environment, and parent/guardian and community involvement.

School Health Council/Committee

The Board’s policy related to student wellness shall be developed with the involvement of parents/guardians, students, school food service professionals, school administrators, Board representatives, and members of the public. (42 USC 1751 Note)
STUDENT WELLNESS (continued)

The Superintendent or designee may appoint a school health committee consisting of representatives of the above groups. The committee may also include district administrators, health professionals, school nurses, health educators, physical education teachers, counselors, and/or others interested in health issues.

The school health committee shall assist with policy development and advise the district on health-related issues, activities, policies, and programs.

(cf. 1220 – Citizen Advisory Committees)
(cf. 9140 – Board Representatives)

Nutrition Education and Physical Activity Goals

The Board shall adopt goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the district determines appropriate. (42 USC 1751 Note)

The district’s nutrition education and physical education programs shall be based on research, consistent with the expectations established in the state’s curriculum frameworks, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

(cf. 6010 – Goals and Objectives)
(cf. 6011 – Academic Standards)
(cf. 6143 – Courses of Study)

Nutrition education shall be provided as part of the health education program in grades PreK – 12 and, as appropriate, shall be integrated into core academic subjects and offered through before and after school programs.

(cf. 6142.8 – Comprehensive Health Education)

All students in grades PreK – 12 shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, school athletic programs, extracurricular programs, before and after school programs, and other structured and unstructured activities.

(cf. 6142.7 – Physical Education)
(cf. 6145 – Extracurricular and Cocurricular Activities)
(cf. 6145.2 – Athletic Competition)
STUDENT WELLNESS (continued)

The Superintendent or designee shall encourage staff to serve as positive role models. He/She shall promote and provide opportunities for regular physical activity among employees. Professional development shall include instructional strategies that assess health knowledge and skills and promote healthy behaviors.

(cf. 4131 – Staff Development)
(cf. 4331 – Staff Development)

To encourage consistent health messages between the home and school environment, the Superintendent or designee may disseminate health information to parents/guardians through district or school newsletters, handouts, parent meetings, the district website, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and academic performance.

(cf. 1113 – District and School Web Sites)
(cf. 6020 – Parent Involvement)

Nutrition Guidelines for Foods Available at School

The Board shall adopt nutrition guidelines for all foods available on each campus during the school day, with the objectives of promoting student health and reducing childhood obesity. (42 USC 1751 Note)

The Board believes that foods and beverages available to students at district schools should support the health curriculum and promote optimal health. Nutrition standards adopted by the district for all foods and beverages sold to students, including foods and beverages provided through the district’s food service program, student stores, vending machines, fundraisers, or other venues, shall meet state and federal nutrition standards.

(cf. 3312 – Contracts)
(cf. 3550 – Food Service/Child Nutrition Program)
(cf. 3554 – Other Food Sales)
(cf. 5148 – Child Care and Development)
(cf. 6300 – Preschool/Early Childhood Education)

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes. He/She shall encourage school staff to avoid the use of non-nutritious foods as a reward for students’ academic performance, accomplishments, or classroom behavior.

(cf. 1230 – School-Connected Organizations)
STUDENT WELLNESS (continued)

School staff/teachers shall encourage parents/guardians to support the district’s nutrition education program by considering nutritional quality when selecting any snacks which they may donate for class parties and by limiting foods or beverages that do not meet nutritional standards. Class parties or celebrations shall be held after the lunch period when possible.

Guidelines for Reimbursable Meals

Foods and beverages provided through federally reimbursable school meal programs shall meet or exceed federal regulations and guidance issued pursuant to 42 USC 1758(f)(1), 1766(a) and 1779(a) and (b), as they apply to schools. (42 USC 1751 Note)

In order to maximize the district’s ability to provide nutritious meals and snacks, all district schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs.

(cf. 3553 – Free and Reduced Price Meals)

Program Implementation and Evaluation

The Board shall establish a plan for measuring implementation of the policy. The Superintendent shall designate at least one person within the district who is charged with operational responsibility for ensuring that the school sites implement the district’s wellness policy.

(cf. 0500 – Accountability)

The Superintendent or designee shall recommend for Board approval specific quality indicators that will be used to measure the implementation of the policy district wide and at each district school. These measures shall include an analysis of the nutritional content of meals served; student participation rates in school meal programs; any sales of non-nutritious foods and beverages in fundraisers or other venues outside the district’s meal programs; and feedback from food services personnel, school administrators, the school health committee, parents/guardians, students, and other appropriate persons.

The Superintendent or designee shall report to the Board at least every two years on the implementation of this policy and any other Board policies related to nutrition and physical activity.
STUDENT WELLNESS (continued)

Posting Requirements

Each school shall post the district’s policies and regulations on nutrition and physical activity in public view within all school cafeterias or in other central eating areas. (Education Code 49432)
