Child Nutrition Services staff have been very busy all summer looking for new and exciting things to add to our menus this school year. We will be adding new items on a regular basis so check back often to see what's new!

Again this fall, Lincoln Unified school cafeterias are meeting state and federal nutrition standards for school meals, ensuring that our meals are healthy and well-balanced and provide students the nutrition they need to succeed in school. Now is a great time to encourage your children to choose school breakfast and lunch!

School meals offer students milk, fruits, vegetables, proteins and grains. They must meet strict limits on saturated fat, sodium and calories. In school year 2016-2017, school breakfast & lunch will continue to meet standards requiring:

- * Age appropriate calorie limits
- * Fat-free or 1% milk (flavored milk must be fat-free)
- * A wide variety of fruits and vegetables
- * Whole grain products

As we continue to implement federal and state meal regulations, students are still required to select at least a 1/2 cup serving of fruit and/or vegetable with both their breakfast & lunch meals.

Please let us know if you have any special dietary needs or requests and we will do our best to accommodate you.

We're always working to offer healthy and tasty choices!
