**Diane Haas, Kindergarten Teacher
East Elementary School**

Hunter: "Your classroom was my favorite classroom; it was a really nice atmosphere."

You made school fun and everyone was always happy in your class. It was always very fun. A lot of my friends and I started to be friends in your classroom.

In this class you had to fend for yourself a little bit; you had to figure your own way out. We got help when we needed it, but you expected us to figure stuff out on our own and make your own way."
