# Harvest of the Month - Mandarin Oranges

## Orange Freeze

### Ingredients

- 1 cup 100% orange juice
- 10 ice cubes
- 1 cup low-fat or non-fat milk
- 1 teaspoon vanilla extract
- 2 cups mandarin oranges

### Directions

1. Place all ingredients in a blender.
2. Blend for about 30 seconds or until smooth.
3. Pour into four glasses and serve.

### Helpful Hint:

Make your freeze even fruitier by adding a small banana, a handful of strawberries, or another favorite fruit before blending.

### Produce Tips

- Look for plump mandarins that feel heavy for size and have stems still attached.
- Look for mandarins with glossy, deep orange skins. (Some patches of green near the stem are okay to eat.)
- Keep on the counter and use within a few days. Or, store in the refrigerator for up to one week.
- Helpful Hint: Mandarins that have a deep orange-red color are called tangerines. Other types of mandarins include satsumas, clementines, and tangelos.

## Cold Weather Walking Safety Tips

We know its hard to get outside when the days are short and the temperature drops. So why not take advantage of the little day light we have and walk to or from school each day.

Here are some helpful tips to get you to school safely:

- Wear layers. You might feel cold when you start out walking or biking, but you'll warm up as your blood gets flowing. Make sure you wear a hat (you lose a lot of heat through the top of your head) and gloves or mittens (mittens are better for when it's really cold, and you can wear gloves inside your mittens for when you have to do some work that requires dexterity). If it's really cold, a scarf will help prevent frostbite of the face.
- Wear good, sturdy shoes, preferably with rubber soles (not the plastic compound soles found in most athletic shoes). Boots are good for when it's snowy or rainy, and make sure they are a touch big so you can add wool socks or have the air around your toes be warmer than in

tight boots.

- Since it tends to be dark much of the day in winter, wear bright, reflective clothes to make you more visible to drivers (who tend to not defrost their windshields or drive while texting).
- Remind kids to stay hydrated, since the cold dehydrates you. Remember to drink water, not eat snow (eating too much snow can cause problems with maintaining body temperature).
- Walk with friends and always stay together, look out for each other, and enjoy the cool air!
